

The Global Standards Mapping Initiative (GSMI) is the most comprehensive effort to map and analyze the blockchain and digital asset landscape across five key areas:

1. Legislation and regulatory guidance
2. Technical standards
3. Industry standards and recommendations
4. University courses and degree programs
5. Industry consortia

GSMI 2.0 is a continuation and expansion of GSMI 1.0, which was released in October 2020 by the Global Blockchain Business Council (GBBC), World Economic Forum, and partners.

GSMI 2.0 is spearheaded by the GBBC in partnership with 131 institutions, organized into nine working groups and chaired by the following organizations:

- 1. Derivatives**
Latham & Watkins LLP
Borsa Italiana
- 2. Digital & Crypto Asset Regulation**
Global Digital Finance
Steptoe & Johnson LLP
- 3. Digital Identity**
SITA
Tangem
- 4. Global Taxation**
Her Majesty's Revenue and Customs
EY
- 5. Green Economy**
Digital Asset
InterWork Alliance
- 6. Policy**
World Economic Forum
New America
- 7. South Korea**
KAIST
- 8. Taxonomy**
Circular
SIX Digital Exchange
- 9. Technical**
Accenture
Hyperledger Foundation

What's Included in GSMI 2.0?

Interactive Map of blockchain and digital asset regulation and guidance across 187 jurisdictions

Report dedicated to the findings and guidance of the working groups

Catalogue of 389 blockchain courses and degrees by accredited academic institutions across 68 jurisdictions

List of 479 industry consortia

Standalone Reports on derivatives, digital and crypto asset regulation, digital identity, global taxation, and South Korea

All GSMI reports and resources are open access and intended to serve as a trusted source of information about the blockchain and digital asset landscape.
